

ABOUT THE GAME

The wild north beckons! Here the mighty eagle rules, soaring high above land and sea. The beauty of this environment has been lovingly captured in this 5x4 slot with payline wins and a maximum win of 10,000 times your bet!

FEATURES

STACK'N'SYNC™

Landing the S'n'S scatter symbol activates the Stack'n'Sync™ feature.

The reel where the symbol landed is copied to up to 4 other reels and these reels are then stacked with one kind of symbol. The stacked symbols replace existing symbols on the reels. The game then awards a respin, with the stacked reels synced to each other so they stop in the same position.

Landing another S'n'S symbol during the respin will repeat the stacking on additional reels and sync them, and award an additional respin.

The stacked symbol and the stack amount is shown by the symbol and stars that appear in the upper right corner above the reels. Each filled star represents one quarter of the reels. Reels can be a quarter, half, three-quarters or fully stacked!

All regular paying symbols, the Wild symbol, and the FS symbol can be stacked. The Eagle Claw bonus symbol can not be stacked.

GOLDEN STACK'N'SYNC™

Landing the golden S'n'S scatter symbol activates the Stack'n'Sync™ feature and guarantees that all 5 reels are stacked. Only high-paying symbols and the Wild symbol can be stacked by the golden S'n'S.

The golden S'n'S also activates a global multiplier that is applied to any wins on the respin. The multiplier is shown in the upper left corner above the reels.

The multiplier can have one of the following values: 2x, 3x, 4x, 5x, 10x, 15x, 20x, 25x, 50x, 100x

FREE SPINS

Trigger Free Spins by landing at least 3 FS scatter symbols simultaneously in the base game. For each landed FS symbol, 1 free spin is awarded. Up to 20 free spins can be awarded.

Free Spins increase the chance of landing S'n'S and golden S'n'S symbols!

The FS symbol is only available through the Stack'n'Sync™ feature.

EAGLE LINK

Trigger the Eagle Link bonus by landing 3 Eagle Claw scatter symbols simultaneously in the base game.

This bonus has two phases: a collect phase and a payout phase. Only Eagle symbols, Golden Eagle symbols and non-paying symbols appear in this bonus.

During the collect phase all landed Eagle and Golden Eagle symbols are sticky. The collect phase has 3 spins that refill when a new Eagle or Golden Eagle sticks. After 3 spins in a row

without sticking new symbols, the collect phase ends and the bonus transitions to the payout phase. No wins are awarded during the collect phase.

Every landed Golden Eagle symbol activates the Eagle Link feature. The Eagle Link connects to all Eagle symbols that land vertically or horizontally adjacent to a Golden Eagle or another Eagle symbol already connected to the Eagle Link. When the collect phase ends, all Eagle symbols that are not connected to the Eagle Link are removed.

The following symbols are non-paying:

The payout phase initially awards 3 spins. Golden Eagle symbols are sticky and each that lands during this phase awards 1 additional spin.

The payout phase has a global multiplier that applies to all Eagle symbol wins. The multiplier value is equal to the number of stuck Golden Eagle symbols.
