

## GAME INFO - TWENTY-ONE

# ABOUT THE GAME

TWENTY-ONE is a game where the aim is that the sum of all your revealed cards should equal 16, 17, 18, 19, 20 or 21. First, choose the number of cards that you want to play with. Once you press BET, your cards will be revealed and added together to form your final result. Play with 7 cards to have a chance to win the max win of 1500 times your bet!

# FEATURES

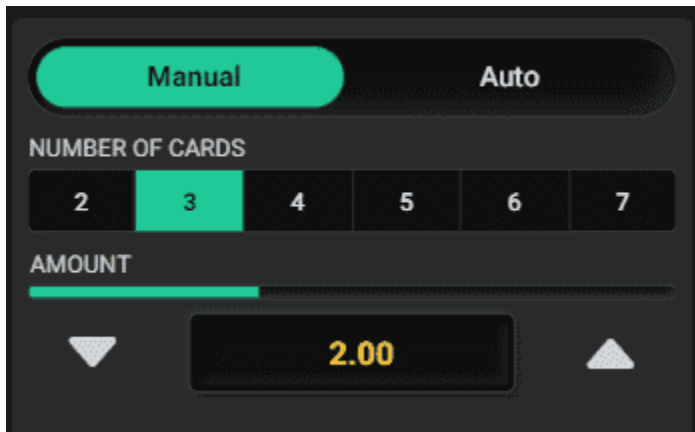

Once you press BET, the cards will be turned over. The cards are all drawn from the same standard deck of 52 cards. Once revealed, the cards will have the following values:

- Cards with the numbers 1-10: The value is the same as the number that is written on the card
- Jack, Queen and King: The value is 10
- Ace: The value is either 1 or 11, depending on what is most beneficial to the player

# SETTINGS MENU

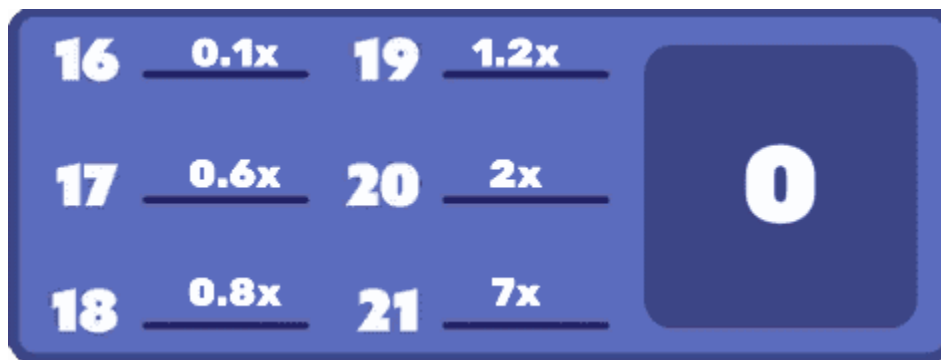

The game settings are configurable in the settings menu.

The player can choose to play with 2-7 cards. The selected number of cards changes the values of the Multipliers in the payout table.

# PAYOUT DISPLAY

A table of Multipliers are displayed in the game. These Multipliers show how much you will be awarded if the total sum of all your cards equal 16-21. The actual amount awarded will be calculated by multiplying your bet level with the awarded Multiplier.

## BET

Press BET to reveal the cards.

## RETURN TO PLAYER

The RTP of this game is 98%. The RTP is deterministically calculated by a theoretical probability model. The RTP was verified by running 10,000,000,000 simulations.

The max win for this game is 1500 times your bet.

## WAYS TO WIN

You win when the sum of all the revealed cards equals 16, 17, 18, 19, 20 or 21!

## INTERRUPTED GAME

In the event of disconnection, a previously started round that has been interrupted may be resumed immediately by starting the game again. The results of a completed round (where display of the visual result was interrupted) will only be re-displayed within the game for winning rounds, but all game rounds may be reviewed in Game History. Any amount wagered on an unfinished game will remain paused until you either complete the game or the game is void as a result of account inactivity or system maintenance. When an unfinished game is void, your bet will be refunded to your account. Any awards earned on an unfinished round will not be credited unless you resume and complete the game. Winnings on unfinished game rounds where the player cannot further influence the outcome of the game will be automatically credited to the player's account after 1 day. Game rounds will never be affected by unforeseen external errors due to hardware, bandwidth, network errors or similar. Game rounds will be either stored and completed by the player at a later time or they will be closed and the wager will be refunded to the player. If an incomplete game round has not been resumed within 23 hours, the round will be rolled back and the wager will be refunded.

## GAME HISTORY

The result of a completed game may be viewed in Game History immediately after closing the game window. Results of unfinished games are not displayed in Game History.

## GENERAL TERMS AND CONDITIONS

- Misuse or malfunction voids all plays and plays.
