GAME INFO - ROCKET REELS

ABOUT THE GAME

Rocket Reels is an outer space themed 7x7 grid game featuring a max win of up to 10,000x! Each spin has the potential to bring a number of rockets into play. When the rockets launch they shatter all symbols in their launch path and leave behind a trail of multipliers of up to 75x!

If the multiplier overlaps a winning cluster, the win value will be multiplied by the multiplier value. If more than one multiplier overlaps a winning cluster, the multipliers will first be added and then multiplied by the cluster win.

Each winning cluster will then be removed and make way for more symbols. The drops will continue until no new winning clusters are created. Multipliers stay on the reels for the duration of the base game round.

MULTIPLIER ROCKETS

This game features launching ROCKETS that ascend through the reel and destroy any symbols they pass through. The ROCKETS then leave a trail of MULTIPLIERS on all symbol positions! When new symbols drop you have a chance to overlay a MULTIPLIER on a winning cluster and multiply your win.

If you land more than one MULTIPLIER on the same winning cluster, the multipliers will first be added together and the win will then be multiplied by the total multiplier value.

There can be only one ROCKET on each reel per spin. In the base game three or more ROCKETS are required to trigger a ROCKET launch and in the Free Spins feature all landed

rockets will launch.

There are three types of rockets with different multiplier values

ROCKET 1

Possible multiplier values: 1x, 2x, 3x, 4x, 5x

ROCKET 2

Possible multiplier values: 10x, 15x, 20x

ROCKET 3

Possible multiplier values: 25x, 50x, 75x

UFO

Get lucky and you might see a UFO! The UFO appears randomly on spins where rockets have launched. It will beam up a random number (minimum 20 and maximum all of them) of symbols and clear those from the grid. New symbols will then drop to replace the removed ones. The UFO can appear both in the base game and in the Free spins feature.

FREE SPINS

Get at least three free spin scatter symbols in the base game to trigger the free spin feature. In this feature every single rocket launches and drops their multipliers, the maximum value is up to 75x per multiplier!

3 FREE SPIN symbols will give you 8 free spins.
