FEATURES

ROTOGRID™

Landed RotoGrid™ symbols are activated after wins on the current grid have been awarded, giving 1 - 3 clockwise grid rotations that are collected and stored in a meter outside the grid. The RotoGrid™ symbol will then turn into a Wild symbol.

Each grid rotation turns the grid a quarter turn clockwise and unlocks the possibility of new wins being created on the grid. Each rotation is awarded one at a time, processing any new wins before the next rotation.

If multiple RotoGrid™ symbols are present on the grid at the same time, they will be activated one at a time, after all rotations from the previously activated RotoGrid™ symbol have been completed. Maximum 3 RotoGrid™ symbols can land on the same spin.

CONNECTING WILDS

After each grid rotation, any Wild symbols that are on the same reel will connect, filling all positions between them with additional Wild symbols. If the grid rotates again, both the original and the new Wild symbols can connect with other Wild symbols on their respective reels, potentially filling the grid with Wild symbols.

MIGHT OF HERCULES

When the current grid has settled there is a chance that Hercules hits the grid with his club or fist. When this happens, all occurrences of a randomly chosen low-paying symbol currently on the grid will be replaced with Wild symbols.

The following are low-paying symbols which can be replaced:

BONUS CHOICE

Landing 3 or 4 FS scatter symbols at the same time in the base game brings you into the Bonus Choice menu, where you are able to choose between two bonus game options depending on the number of landed FS symbols.

With 3 FS symbols, you may choose either the LABORS or the LABYRINTH bonus games.
With 4 FS symbols, you may choose either the GODLY LABORS or the GODLY LABYRINTH bonus games.

LABORS BONUS GAME

When you choose this bonus game from the Bonus Choice menu, you will get 10 free spins. This bonus feature maintains the mechanics of the base game with a higher chance of landing RotoGrid™ and Wild symbols!

Landing additional FS scatter symbols during the feature awards extra free spins:

2 FS symbols awards 2 additional spins,

3 FS symbols awards 4 additional spins.

GODLY LABORS BONUS GAME

When you choose this bonus game from the Bonus Choice menu, you will be awarded a variant of the LABORS bonus. In this variant, RotoGrid™ and Wild symbols will appear more frequently.

LABYRINTH BONUS GAME

When you choose this bonus game from the Bonus Choice menu, you will get 8 free spins. The following symbols appear in this bonus: Skull Block symbols, Cracked Stone symbols, FS symbols and Adding and Multiplying Coin symbols. Skull Block symbols and Cracked Stone symbols are non-paying.

The aim of the bonus is to collect Coin and FS symbols in the Treasure Chests at the bottom of the grid.

When a Coin or FS symbol lands above a Cracked Stone symbol, that Stone symbol will be crushed and disappear from the grid, letting the Coin or FS symbol move down into its position. This process repeats until a Skull Block symbol gets in the way, or the Coin or FS symbol reaches the bottom row of the grid. Whenever a Coin or FS symbol reaches the bottom row, they will be collected in the Treasure Chest for the corresponding reel.

Each Treasure Chest has a progressive multiplier which is paid out at the end of the bonus and multiplied with your bet amount to determine the final win. Collected Coin symbols either add their value to the existing value on the Treasure Chest, or multiply the existing value on the Treasure Chest. All Treasure Chests start at 0x.

Adding Coins can have the following values: 1x, 2x, 3x, 4x, 5x, 6x, 7x, 8x, 9x, 10x, 15x, 20x, 25x, 50x, 100x

Multiplying Coins can have the following values: x2, x3, x4, x5, x10, x20

Collected FS symbols each award 1 extra free spin.

Once all Coin and FS symbols on the grid have moved as far as they can, there is a chance that the grid will rotate either clockwise or counter-clockwise. When the grid rotates, it may allow Coin symbols and FS symbols to move to a new position by breaking Cracked Stone symbols, leading them through the “labyrinth” of Skull Block symbols towards the bottom of the grid.

If the Might of Hercules feature triggers in this bonus game, a random number of Skull Block symbols will be destroyed and sometimes a random number of Cracked Stone symbols will be destroyed. If Skull Block symbols or Cracked Stone symbols are destroyed, additional FS or Coin symbols may appear on the grid.

GODLY LABYRINTH BONUS GAME

When you choose this bonus game from the Bonus Choice menu, you will be awarded a variant of the LABYRINTH bonus with 10 free spins. In this variant, Coins with higher values may land more frequently.
